

# Paper Heart Penguin

## Supplies:

Black, Orange, and White Paper  
Googly Eyes  
Penguin template  
Scissors  
Glue  
Crayons (optional)

## Instructions:

Using the template, cut out all the penguin pieces by tracing them onto the appropriate colored construction paper. You could also cut out the template and color it. (You can also do whatever colors you want).

Glue all the pieces together using the picture provided as a guide. The black oval goes first, then glue the big heart onto the oval. Glue the medium hearts on as feet. The smallest heart is the nose. The googly eyes are the eyes.
