

Paper Tulip

Supplies:

Paper
Straws
Scissors
Hole Punch
Glue
Tulip Template

Instructions:

Cut out your tulip bulbs using the template to trace them onto your construction paper.

Fold your tulip bulb into four sections like an accordion.

Before unfolding it, punch a hole in the center, so that it goes through all four sections. (You should have four holes).

Weave the straw through the tulip bulb.

Using the leaf template, trace and cut out some leaves with your construction paper.

Glue them onto your straw.
